

VeeamON 2019 is the event you don't want to miss! The conference offers two days of breakout sessions with various tracks and three additional days, pre-conference, dedicated to Veeam® Certified Engineer (VMCE) classroom training. Join us to learn how the right data management strategy and the right technology solutions can fuel your business growth and accelerate your success.

Why Attend VeeamON 2019?

Gain access

to the latest cloud technologies and learn how to leverage your existing assets as a part of a comprehensive Availability strategy.

[Learn more](#)

Complete VMCE training

and learn how to optimize Veeam® solutions your organization can use to take Availability to the next level.

[Learn more](#)

Discover

how Veeam works with end users, partners and many others to optimize your data center.

Connect with experts

and get hands-on experience with Veeam solutions in our Hands-On Lab.

Network

with peers and meet some of the industry's top tech and business leaders. Speak directly to the team charged with developing Veeam solutions.
